Dear Parent/Carer

Re: Work Experience 26th - 30th June, 2023

As part of our responsibility to prepare students for their future, our Year 10 students are invited to undertake five days of work experience, which will take place 26th - 30th June 2023. This forms part of our futures programme and is highly beneficial to a young person as part of their educational and personal development.

To allow this to happen, our Year 10 students need to actively seek suitable placements speaking to friends and family about any opportunities they can provide. We would be very grateful if your child can accompany or shadow you or a friend or family in your work place if available and if appropriate.

Please complete this Google Form by Friday 13th January, providing details of work placements that you can offer your child. I attach a helpful sheet of FAQs which will help you to decide if you can provide or find a suitable place.

If you are not able to accommodate this request, we will work with your child and local employers, trying our very best to find each student a placement. However, I cannot guarantee at this stage that this is possible. If not, I shall publish in the summer term what the alternative work based activities will be. Once your child has a placement, I shall write to let you know of the arrangements and seek your consent.

Work experience is a vital part of learning about future employment, raising aspirations, and helping to consolidate a decision about future destinations. We would welcome your support in making this as meaningful for your child's future as possible. We look forward to being able to record the effort, initiative and ingenuity they employ in seeking successful experiences to include in future references to colleges, employers and universities.

Yours sincerely,

Mrs K Stafford
