Dear Parent / Carer

### **Enterprise Competition**

During this final half term, Magna will be running an Enterprise competition, where students can demonstrate their creativity and innovation skills to decide on a new social enterprise that could help their local community.

During tutor time next week students will be thinking about their local area, the issues they feel need to be addressed and what they could do to improve and assist with these problems.

Students will be asked to think of a plan to set up this social enterprise and what they will need to do to raise the funding needed for this action.

All students will complete a planning sheet to describe how they intend to put their ideas into practice. All entries will receive house points and the top three entries in each tutor group will be entered into an academy exhibition to be judged at the end of this term.

The final entries will be judged by the academy's enterprise advisor from 'Lush' and prizes will be awarded for the most innovative ideas and plans.

Enterprise skills are valued by all future employers and students will be able to gain the experience they could use further on in their educational journeys and subsequently their careers.

Yours sincerely

Mrs R Halls

Futures Lead and Head of Business Studies
