Dear Parent/Carer

### **RE: Year 7 APO Report**

Your child will be taking home a printed copy of their assessment point zero report today. You can also access this report by using your parental Progresso login.

In this report your child's tutor has shared with you the following holistic assessment regarding their first half term with us at Magna Academy:

- Summer Activity Tasks
- Attitude to Learning
- Equipment and Uniform
- Homework
- Overall Transition into Year 7

Your child's Tutor has used the following criteria to summarise the progress your child has made so far: Excellent, Good, Satisfactory, Unsatisfactory or N/A used for students where it is not possible to provide an assessment due to extenuating and known circumstances.

In addition to the above, we will also be reporting on the following:

- Attendance and Punctuality figures
- Total Positive and Negative Points
- New Group Reading Test (NGRT) & New Group Spelling Tests (NGST)
  - You will see what your child's reading and spelling age is and their actual age at the time of the test. For example, 14:11 means 14 years and 11 months.
  - For students who have a significantly lower reading and spelling age compared to their actual age, we have put in intervention to address this gap. This may have been in the form of the Lexia intervention group for 30 minutes per day, during DEAR or the Direct Instruction (DI) groups that happen during English and Maths timetabled lessons. Direct Instruction is a teacher directed method. This means that the teacher stands in front of a classroom and presents the information. The teachers give explicit, guided instructions to the students. Teachers match the type of instruction to the bespoke task it suits modelling the skills students have to learn to access the curriculum and its assessments in later years.

- Reading and spelling ages will be reviewed and monitored regularly as slight fluctuations can occur. This is to ensure that students are making strong progress with their reading and spelling, as this is an important part to access our varied and ambitious curriculum.

As you are aware, in mid September your child successfully completed a series of GL CAT4 Cognitive Abilities Test. The outcomes have allowed us to carefully identify students requiring intervention, additional SEND provision, subject grouping and the initial stages of establishing targets for the end of Key Stage 4. Subject leads have worked extensively with our pastoral and phoenix teams to ensure students are strategically placed in the most appropriate teaching groups to suit their needs.

You can access your child's new groups by using your parental Progresso login and checking their newly allocated timetables. Subjects groups and their codes are displayed in the following format on a students timetable:

There will be a subject parents' evening on Thursday 4th November; from 4-7pm, where students and parents/carers can meet with their child's subject teachers to discuss their current performance and agree on targets for improvement. The Year 7 subject parents evening will be held in a virtual format using an online booking system.
