Futures Events for Year 10-13

## Futures Events

This edition of the Futures newsletter contains information about a range of futures based events that students can access or take part in, to support their decision making about their futures careers.

If you take part in either online or in person, any Futures event, please could you let us know by completing a short [Google form](#).

A virtual presentation from British Airways about the many different roles in their company. They plan to cover advice and guidance from becoming a pilot, through to cabin crew, engineering to business and digital based employment. This presentation takes place on Wednesday 30th March between 5-6pm and is aimed at students and their families from years 10-13. If your child is interested in this presentation, the registration link can be found [here](#).

Dorset Careers Hub has arranged three career insight evenings to be held at Bournemouth University, aimed at students and their families from Year 10 upwards.

### 1. Pathways to Green Careers: Monday 4th July 5:30 - 8pm

#### GREEN JOBS ARE FOR EVERYONE

For young people passionate about building a sustainable future for all, and wanting to play a part in solving the climate crisis. For those with ambitions of working in management, working with animals or a career raising public awareness of environmental issues. Students are welcome to join the experts to understand the many varied careers available to them.

### 3. Pathways to Media & Digital Marketing Careers: Thursday 7th July 5:30 - 8pm

With a demand for high-quality content rising, media companies are investing in digital technologies and a workforce that allows them to keep up with this innovative sector. Whether students are interested in film and TV, animation and VFX, social media influencing, digital marketing or any other part of this fast moving industry, join us to find out how to be a part of it.

# Southampton University – Degrees to save the world

Southampton University have some fantastic online presentations which you can either join in live or watch recordings. Students are able to take courses which will allow them to learn about some of the world's most challenging problems. It is highly recommended that students, especially those in the Sixth Form, but also Year 11, consider having a look to see what interests them.

The link to all of the information can be found [here](#).

Wednesday 22 June – **UKESF Girls into Electronics** hosted by Southampton University [tickets available here](#):

## The Cambridge Festival

Starting on Thursday 31 March and running to Sunday 10 April 2022, the Festival offers a unique and stimulating array of online and in-person events for all ages. From politics and climate change to human rights and hands-on activities for children, the Festival looks to tackle and offer solutions to our most pressing issues and inspire the future generation.

The festival has many online events covering topics on discovery, environment, health and society for young people of all ages and their families. For further information click on the link [here](#).

## Careerpilot

Students in Year 11 and Sixth Form have their own Careerpilot accounts and have been using this online platform to learn about their next steps and to discover more about career opportunities. Year 10 will be creating their own accounts in the summer term. Carerpilot has a section dedicated to parents to support parents in understanding the different pathways available for their children and to help their parents support their children in making the most appropriate choices for them. This online support is free and can be viewed [here](#):

## Upcoming Futures Events

Thursday 31 March- Year 9 Options Open Evening in the Academy

Wednesday 6 April- Year 12 to the the South West UCAS Exhibition at Bournemouth University – sign up [here](#):

Tuesday 3 and Thursday 5 May – Women in STEM assemblies

Friday 6 May- NCS assembly for year 11 encouraging our year 11 students to sign up for the NCS summer programme.
