Issue 6

Futures Conference

Year 12 had their second Futures Conference this term. During this conference they took part in workshops run by various outside speakers.

Joanne Small from Amazing Apprenticeships ran a workshop on Higher and Degree apprenticeships and Mark Huntingdon from A Star Future presented on what it would be like to study abroad.

Emma Woozner from Southampton University provided an insight into what university admissions tutors look for in an application, how to write an outstanding personal statement and supported students in understanding student finance.

I would like to become a vet. I am delighted that I have been accepted to attend a weeks summer school at Royal Veterinary College London. I am very excited about this opportunity and know it will help me to gain a place on a course in veterinary science. I am also completing a week of work experience with Poole Pet Practice which will provide me with a fantastic insight into what it is like to work with animals - *Saphron*

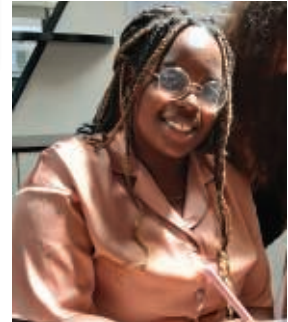

I am still uncertain whether to apply for an apprenticeship or to university. However I am glad I have all the information and know that I can apply for both - *Jasmine*

I am considering becoming a PE teacher, therefore I have organised work experience at a local junior school - *Jodie*

I would like to study animation, possibly at Portsmouth University. I found the personal statement workshop so helpful as I now know what is needed and how to get started - *Josie*

I want to take the apprenticeship route, however I am open to various options and possible apprenticeships anywhere in the country. I shall look to see what is available when I am in Year 13 - *George*

Open Days

When applying to university it is really important to visit that institution and book onto their open days - search here:

<https://www.ucas.com/undergraduate/what-and-where-study/events-and-open-days>

Before visiting, follow this great advice about how to get the most out of open days:

<https://www.ucas.com/undergraduate/what-and-where-study/open-days-and-events/all-you-need-know-about-university-open-days>
