

Magna Academy Poole

an Aspirations Academy

Magna Academy full equipment list

When students are fully equipped everyday and in every lesson learning is not disrupted and progress is quicker. We therefore have a strong focus on ensuring students are properly equipped. Students are required to have all of the following essential equipment in their possession everyday at Magna.

Form tutors check that students have the right equipment every day, so it is essential that students are supported by it daily. Please note that clear plastic 30cm pencil cases are also very important as these are a requirement for all public examinations. We do not want parents/carers to have the added expense of purchasing another pencil case specifically for these examinations, as students now sit formal style exams in every year.
