Dear Parent/Carer,

Re: Year 10 Work Experience

We are excited to inform you about an upcoming opportunity for our Year 10 students to engage in a valuable five-day work experience from 24th to 28th June 2024. This initiative is an integral component of our futures programme, designed to significantly contribute to your child's educational and personal development.

To allow this to happen, our Year 10 students need to actively seek suitable placements by speaking to friends and family about any opportunities they can provide. We would be very grateful if your child can accompany you, a friend or a family member in the workplace.

If your child secures a placement, please complete this [Google Form](#) by Friday 5th January. In the form, please provide us with the name and contact details of the person providing the placement. Once you have provided these details, we will send them necessary paperwork to complete. If your child cannot find their own placement, we do have a limited number of contacts and can support your child in this process.

Work experience stands as a pivotal aspect of understanding future employment opportunities, elevating aspirations and aiding in the decision-making process regarding future educational and career pathways. We warmly welcome your support in making this experience as meaningful as possible for your child's future.

We look forward to being able to record the effort, initiative and ingenuity they employ in seeking successful experiences to include in future references to colleges, employers and universities.

Yours sincerely,

Mrs Stafford

Assistant Principal
